

Training on Beautician

Duration
6 Weeks

Beautician Training Course

This course is specially designed for young girls and house wives who wish to utilize their time in learning a skill which will never put them down even when time goes hard. Beautifying self, surroundings, places, apparels and whatever comes at hand has been the instinct of women; learning it in a professional way will add bundles of benefits with it. The course will cover up all the necessary areas a beautician must be master in.

Targeted Audience

Young girls, house wives or anyone who wishes to know the art of making beauty more striking.

Expected Outcome

By the end of the course participants will be able to join/work with any beauty saloon/parlor . They will be able to start up their own business as a beautician with ease. They will be able to transfer the learnt skills to other girls/women as well.
